AY STEAM

Working with robotics in your STEAM sessions must be an exciting way to blend creativity with tech and problem-solving.

Concept of Push and Pull
Creating complicated and advanced projects

Learning about solar energy and solar panels
through Rover Robot that rolls by solar panels

Events

PIS Early years events are designed to bring joy to the students while creating lasting memories, all while supporting our academic curriculum. We will continue with this approach and strive to make future events even more enjoyable and successful.

Upcoming Events

- 6th of February Pajamas and Cinema Day
- 20th of February: Ramadan Activity.
